Important Messages

The Point System:

5 points are in play each week. The first and second games are each worth 2 points. Total Pins are worth 1 point.

How Does Our Team Win Points?:

Every bowler has an average and a handicap--a number of points added to your score to even out the playing field. If all of your bowlers' scores plus handicap total are higher than your opponent's total, you win the points for that game. Total pins are your scores plus handicap for both games versus your opponent's.
